### **DETAILED ACTION**

Acknowledgment is made of the receipt of the appeal brief received on 12/10/03.

Claims 19, 22, 25, and 26 are currently pending.

#### ***Allowable Subject Matter***

1. Claims 19, 22, 25, and 26 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach, or fairly suggest either alone or in combination thereof, a portable check encoding device comprising an input device operable to receive a payee name selected from a list of payee names by a user; a memory operable to store and recall the list of payee names; and a portable check printer operable to receive a check amount from the input device and encode the check amount in magnetic ink at a predetermined location on a check. The examiner submits that no motivation has been found to combine the prior art of record to arrive at the claimed limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

#### ***Conclusion***

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
